

Measham CE Primary School Primary PE and Sports Funding

The government has allocated schools additional funding to ensure all children receive high quality PE and sports opportunities while at school. Schools must develop a plan for sustainable development in raising standards in school sport and PE provision.

The vision of the Primary PE and Sport funding is a measurable and sustained improvement in school PE and sport, underpinned by high quality teaching that increases participation levels in physical activity and leads to healthier pupils who are more engaged across the whole curriculum.

The objectives of the Primary PE and Sport funding are:

- To improve the quality of existing PE teaching through continuing professional development in PE for generalists.
- To provide a continual professional development of current teachers practice in school PE.
- To buy into a continued development of local primary school competition structure and continual professional development, provided by the school sport partnership.
- To improve current school sport and PE resources to aid outstanding teaching and develop and inspire a love for PE and Sport.

At Measham CE, for the 2016-2017 academic year we have used the funding provided to;

- Buy in to Staff CPD development through our school sports partnership
- Buy in to competition structure provided by our school sports partnership
- Buy quality resources to improve school PE and sport provision
